

EQUINE NUTRITION

FORMULATED WITH HIGHLY BIOAVAILABLE
AMINO ACID CHELATED TRACE MINERALS

FOR USE IN ALL EQUINE OPERATIONS

Trace Mineral

TRACER Mineral products are specifically formulated to meet the mineral needs of production, breeding and performance animals - even in the most challenging environments.

Mineral nutrition is essential in production of hormones, immune system components and the digestion and the metabolism of feedstuffs.

TRACER Mineral formulations utilize the latest technology for delivering minerals into an animals' bloodstream. Amino acid chelates are proven to be the most bioavailable and effective formulations for the enhancement of all life: human, plant and animal.

Amino acid chelates are absorbed as amino acids and deliver mineral directly into the animals' bloodstream and tissues. The minerals are utilized for growth, production and energy. The unique mode of absorption of amino acid chelates provides results that are unmatched by any other organic mineral.

TRACER formulations are different - witness the results for yourself.

ALSO AVAILABLE:

TRACER PLATINUM 220 (BOVINE)

TRACER PLATINUM 90 (GOAT)

TRACER PLATINUM 146 (SHEEP)

TRACER LIFE ENHANCER GEL

TRACER LIFE ENHANCER BOLUSES

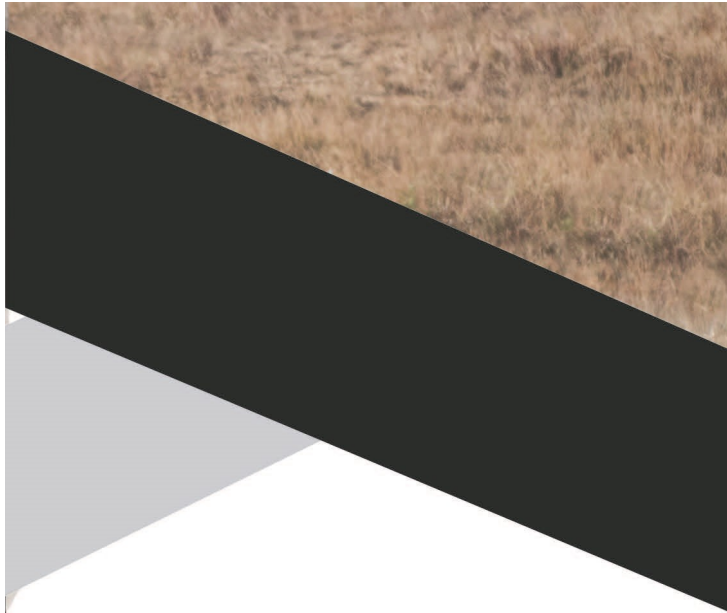

TRACER CARCASS MAKER

TRACER CALF MAXX

TRACER DIGESTADE

TRACER STARTING FLUID

CUSTOM FORMULATIONS

How can I be sure I'm feeding a real chelated trace mineral?

Check the feed tag! Chelated trace mineral ingredients are listed specifically. Check your mineral tag under the feed ingredients list. If it shows "(metal) amino acid chelate" then you can be assured you are getting a true chelate.

Tracer Equine 245

Guaranteed Analysis:

Calcium (min)	15.5%
Calcium (max)	18.6%
Phosphorus (min).....	7.25%
Zinc (min)	8350 ppm
Copper (min)	1600 ppm
Selenium (min)	50 ppm
Vitamin A (min).....	295,000 IU/lb
Vitamin D3 (min).....	57,000 IU/lb
Vitamin E (min).....	437 IU/lb

Ingredients:

Calcium Carbonate, Corn Distillers Dried Grains with Solubles, Zinc Amino Acid Chelate, Copper Amino Acid Chelate, Manganese Amino Acid Chelate, Vitamins A Supplement, Vitamin E Supplement, Vitamin D3 Supplement, Manganous Oxide, Copper Sulfate, Zinc Oxide, Cobalt Carbonate, Ethylkenediamine Dihydriodide, Ferrous Sulfate, Monocalcium Phosphate, Potassium Chloride, Magnesium Oxide, Sodium Selenite, Natural and Artificial Flavors, Mineral Oil, Ferrous Amino Acid Chelate, Magnesium Animo Acid Chelate and Potassium Amino Acid Complex.

For mature horses, feed at a rate of 1-2 oz per head per day. For yearlings, feed 1 oz per head per day. For colts, feed 1/2 oz per head per day.

Minerals are **Vital**

Zinc

Protein synthesis and wound healing.

Copper

Red blood cell formation and aids in proper bone formation and maintenance.

Manganese

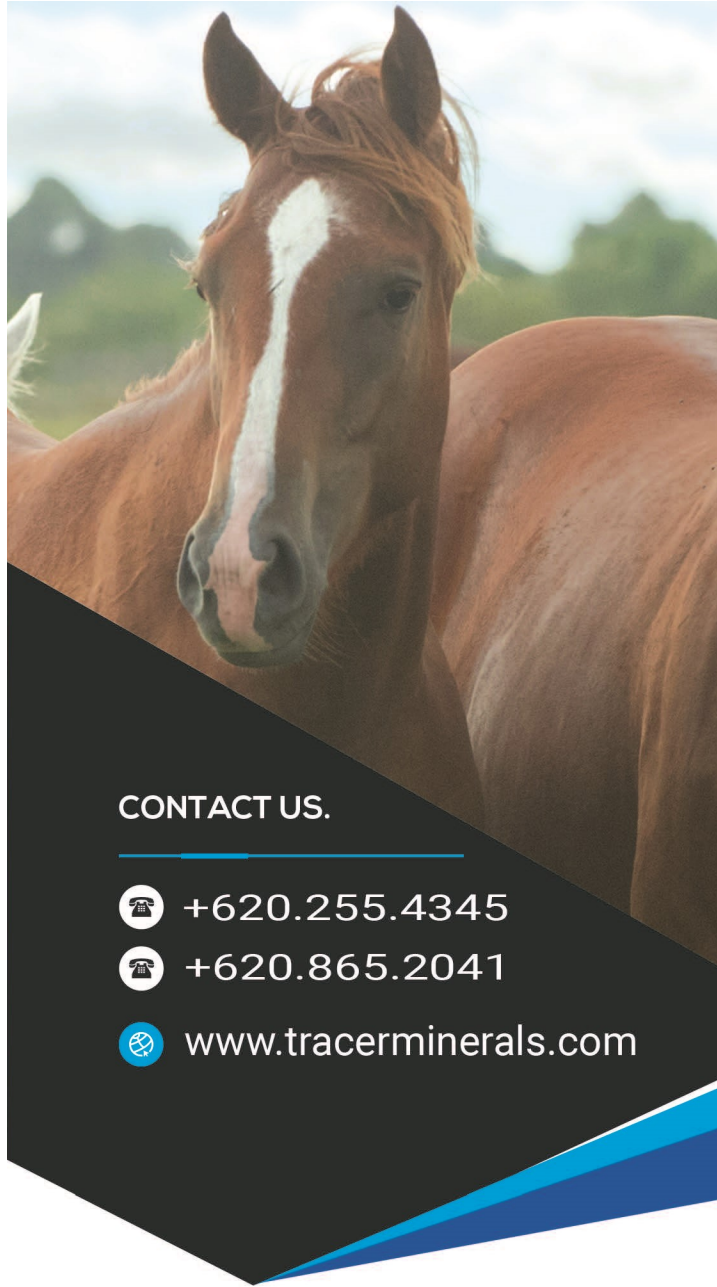

Activates vital enzymes important in the blood breakdown of amino acids and energy production.

Potassium

Aids in sending oxygen to the brain and stimulates kidneys eliminating poisonous body waste.

Magnesium

Proper Calcium and Vitamin C absorption.
Converts blood sugar into energy.
